

# DuPont™ RoofLiner

**Excellent protection against leaks,  
under all types of roofing materials  
identified by ICC-ES AC188 and  
CAN/CSA A220.1.**

Class “A” Fire Rating per ASTM E108.

Backed by the science of one of the most trusted names in building innovation, DuPont™ RoofLiner delivers excellent performance that helps prevent leaks. It’s trusted protection that can give both you—and homeowners—greater peace of mind.

DuPont™ RoofLiner is made with DuPont™ Elvaloy® copolymer, from the family of DuPont polymers used as the basis of the world’s best commercial roofing membranes. DuPont™ Elvaloy® is the brand leader with decades of proven performance in billions of square feet of commercial roofing worldwide. Trusted for its excellent durability, DuPont™ Elvaloy® has been incorporated into this premium roofing underlayment that provides superior durability and protection against leaks compared to roofing felt.

Plus, DuPont™ RoofLiner is backed by a 30-year limited product replacement warranty by DuPont.

**DuPont™ RoofLiner**  
PREMIUM ROOF UNDERLAYMENT

*The miracles of science™*

**One roll of DuPont™ RoofLiner replaces about 5 rolls of 30-lb roofing felt**

With 10 squares in every roll, DuPont™ RoofLiner allows for maximum roof coverage and efficient installation—making it easier to install than roofing felt. As a result, there are fewer overlaps, seams and fasteners, which helps reduce both labor and waste.

**DuPont™ RoofLiner has superior tear resistance for increased durability as compared to 30-lb roofing felt.**

**Enhanced performance.  
Trusted protection.**

DuPont™ RoofLiner offers enhanced performance over roofing felt in a multitude of ways:

- DuPont 30-year limited product replacement warranty for builders, general contractors or professional installers
- Made with DuPont™ Elvaloy® copolymer
- Suitable for all types of roof coverings identified by ICC-ES AC188 and CAN/CSA A220.1
- Ideal for sloped (≥2:12) commercial and residential new construction and re-roofing applications
- Class “A” fire rating per ASTM E108
- Lightweight for easy handling and installation
- High UV-resistance with up to 6 months UV exposure per ASTM G154
- Code approval per ICC-ES ESR 2391, Florida FL 11602-R1, (Canada) Intertek #3193611COQ-003A & Dade County NOA 10-0526.02.
- Superior tear resistance to roofing felt for increased durability
- Better coverage—1 roll replaces about 5 rolls of 30-lb roofing felt
- More resistant to mold growth than roofing felt
- Higher thermal stability than roofing felt, which helps reduce wrinkling and curling

**Works with all types of roof coverings**

DuPont™ RoofLiner is suitable for all types of roof coverings as identified by the ICC-ES acceptance criteria for roof underlayments (ICC-ES AC188 in the United States, CAN/CSA A220.1 for Canada). For complete details regarding what roof coverings are identified for the United States and for Canada CAN/CSA A220.1, visit [www.icc-es.org](http://www.icc-es.org) or [www.csa.ca](http://www.csa.ca).

**Complete system of protection and support**

DuPont™ RoofLiner not only gives you a professional-looking job, it also provides superior tear resistance and protection against roof leaks when compared to roofing felt. It is backed by the support, training, customer service and building science expertise of DuPont. DuPont is a company known and trusted by building professionals for more than 25 years for delivering innovative solutions to meet the building needs of today, tomorrow and the future.

**DuPont™ RoofLiner 30-year limited product replacement warranty**

DuPont offers a 30-year limited product replacement warranty to builders, general contractors or professional installers. This is not a consumer warranty.

To request a complete copy of the warranty, call 1-800-448-9835 or visit [www.roofing.dupont.com](http://www.roofing.dupont.com).
