

E.I. du Pont Canada Company

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: **DuPont™ Dicamba L Herbicide**

PCP#: 31536

E.I. du Pont Canada Company
PO Box 2200, Streetsville
Mississauga, Ontario, L5M 2H3

Product Information: 1-800-387-2122
Medical Emergency: 1-800-441-3637 (24 hours)

2. COMPOSITION / INFORMATION ON INGREDIENTS

INGREDIENTS:	(% w/w)
Dicamba Dimethylamine Salt (CAS Reg. No. 2300-66-2)	49.77
DMA Salt of 3,6-dichloro- <i>o</i> -anisic acid *	
Dimethylamine Salt of Related Acids	0.60
Inert Ingredients	49.63

* Contains 41.35% dicamba acid equivalent, or 4 lbs/gallon (480 grams/liter)

Chemical Class: Benzoic acid herbicide

3. HAZARD IDENTIFICATION

EMERGENCY OVERVIEW:

- EPA Signal Word: Caution
- Eye irritant
- Harmful if swallowed or absorbed through the skin.
- Avoid contact with skin, eyes and clothing.
- In a fire, toxic irritating gases can be formed.
- For exposure to fire, wear protective equipment.

4. FIRST AID MEASURES

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

5. FIRE FIGHTING MEASURES

Flash Point:	Does not flash
Flammability Limits:	LFL - Not applicable UFL - Not applicable
Extinguishing Media:	Water spray, foam, dry chemical. Foam fire-extinguishing system is preferred because uncontrolled water can spread possible contamination.
Fire-fighting Equipment:	Use positive-pressure self-contained breathing apparatus and full protective equipment. Toxic irritating gases can be formed.
Special Instructions:	Do not allow fire fighting water to escape into waterways or sewers.

6. ACCIDENTAL RELEASE MEASURES

IN CASE OF SPILLS OR LEAKS: Absorb liquid with material such as sand, sawdust, or dirt. Sweep up and place in a suitable container for disposal. Area can be washed down with water and detergent to remove remaining herbicide. Keep product, contaminated materials and wash water out of sewers. Wash exposed body areas thoroughly after handling.

7. HANDLING AND STORAGE

See label. Causes eye irritation. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling and before eating or smoking. Avoid breathing mist. Keep away from food, feedstuffs, and water supplies.

8. PERSONAL PROTECTION

EXPOSURE GUIDELINE(S): ACGIH TLV and OSHA PEL levels are not established for dicamba acid or dicamba dimethylamine salt. For dimethylamine, the OSHA and ACGIH exposure limits based upon TWA and STEL are 9.2 mg/m³ and 27.6 mg/m³, respectively.

VENTILATION: Provide general and/or local exhaust ventilation to control airborne levels below the exposure guideline.

RESPIRATORY PROTECTION: Atmospheric levels should be maintained below the exposure guideline. For most conditions, no respiratory protection should be needed; however, if the exposure guideline is exceeded, use an approved organic vapor/mist respirator.

EYE/FACE PROTECTION: Use protective eyewear.

SKIN PROTECTION: Wear long-sleeved shirt and long pants, waterproof gloves and shoes plus socks when handling.

9. PHYSICAL AND CHEMICAL PROPERTIES

Color:	Amber
Physical state:	Liquid
Odor:	Mild amine odor
Boiling point:	212°F (100°C)
Density:	9.68 lbs/gal (1.16 gm/cm ³)
Solubility:	Fully soluble in water
Vapor pressure:	18 mm Hg at 20°C
Vapor density:	>1.0 (Air=1)
pH:	7 to 8
Stability:	Stable

10. STABILITY AND REACTIVITY

Stability:	(CONDITIONS TO AVOID) None known.
Conditions to avoid:	(SPECIFIC MATERIALS TO AVOID) None known.
Hazardous decomposition products:	In a fire, steam, dicamba amine salt, hydrogen chloride, organochloride products, oxides of nitrogen, or carbon monoxide can be formed.
Hazardous polymerization:	No data available.

11. TOXICOLOGICAL INFORMATION

EYE: Causes eye irritation.

SKIN CONTACT: Exposure may cause skin irritation and dermal sensitization.

SKIN ABSORPTION: The acute dermal toxicity is considered to be low. The percutaneous LD₅₀ for rabbits is greater than 2000 mg/kg.

INGESTION: The acute oral toxicity is considered to be low. The oral LD₅₀ for rats is 2629 mg/kg. Small amounts that might be swallowed incidental to normal handling operations are not likely to cause injury; swallowing larger amounts may be hazardous.

INHALATION: The acute inhalation toxicity is considered to be low. The LC₅₀ for rats is greater than 5.4 mg/l for 4 hours.

CANCER INFORMATION: Did not cause cancer in long-term animal studies. There were no treatment related increases in tumors at dietary levels up to 2500 ppm (rats and dogs) and 3000 ppm (mice).

TERATOLOGY (BIRTH DEFECTS): Did not cause birth defects in animal studies. Exposures having no effect on the mothers had no effect on the fetuses. The maternal and fetal no effect levels in rabbits were 30 mg/kg and 300 mg/kg, respectively. In the rat teratology study, the maternal and fetal no effect levels were 160 mg/kg and 400 mg/kg, respectively.

REPRODUCTIVE EFFECTS: Dicamba did not interfere with fertility in reproduction studies in laboratory animals. The no effect level in a two-generation rat reproduction study was 500 ppm.

MUTAGENICITY (EFFECTS ON GENETIC MATERIAL): Based on a number of *in vivo* and *in vitro* studies, the preponderance of data suggests that dicamba is not a mutagen.

12. ECOLOGICAL INFORMATION

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. Do not apply directly to water, surface waters or runoff areas. Avoid spray drift and other means of exposure to sensitive plants and other non-target areas. This pesticide may cause injury to desirable trees and plants.

13. DISPOSAL CONSIDERATIONS

Pesticide spray mixture or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by the use according to label instructions, contact your State Pesticide or Environmental Control.

14. TRANSPORT INFORMATION

U.S. DOT CLASSIFICATION

PROPER SHIPPING NAME:

= or > 248 gal: Environmentally Hazardous Substances, Liquid N.O.S. (Dicamba)
< 248 gal: None

U.S. D.O.T. HAZARD CLASSIFICATION:

PRIMARY: = or > 248 gal: Environmentally Hazardous Substances
< 248 gal: None

SECONDARY: None

U.S. D.O.T. BILL OF LADING DESCRIPTION:

= or > 248 gal: UN 3082 Environmentally Hazardous Substances, Liquid, N.O.S. 9,
PG III, RQ (Dicamba), ERG 171
< 248 gal: Compounds, Tree or Weed Killing (Herbicides) NOIBN

CERCLA REPORTABLE QUANTITY:

Dicamba has a Reportable Quantity (RQ) of 1000 pounds (248 gal of product).

CANADA TDG CLASSIFICATION

UN Number: UN3082

Shipping Name and Description: ENVIRONMENTALLY HAZARDOUS SUBSTANCE,
LIQUID, N.O.S. (DICAMBA)

Class: 9

Packing Group/Category: III

SOR/2014-306

Special Provisions: 16/99

**NOT REGULATED FOR TDG WHEN SHIPPED BY ROAD OR RAIL
IN CONTAINERS LESS THAN 450 LITRES.**

Explosive Limit and Limited Quantity Index: 5

ERAP Index: NONE

Marine Pollutant:

15. REGULATORY INFORMATION

SARA HAZARD CATEGORY: This product has been reviewed according to the EPA "Hazard Categories" promulgated under Sections 311 and 312 of the Superfund Amendment and Reauthorization Act of 1986 (SARA Title III) and is considered, under applicable definitions, to meet the following categories:

An immediate health hazard

TOXIC SUBSTANCES CONTROL ACT (TSCA): All ingredients are on the TSCA inventory or are not required to be listed on the TSCA inventory.

OSHA HAZARD COMMUNICATION STANDARD: This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

NATIONAL FIRE PROTECTION ASSOCIATION (NFPA) RATINGS:

Category	Rating
Health	1
Flammability	0
Reactivity	0

COMPREHENSIVE ENVIRONMENTAL RESPONSE COMPENSATION AND LIABILITY ACT (CERCLA, or SUPERFUND): This product contains the following substance(s) listed as "Hazardous Substances" under CERCLA, which may require reporting of releases:

Category:

Chemical Name	CAS Number	RQ	% in Product
Dicamba	1918-00-9	1000	41.35%

Canada:
Regulated under the Pest Control Product Act – WHMIS exempt

PCP#: 31536

16. OTHER INFORMATION

Issue Date: October 4, 2013

The information contained in this SDS is based strictly on information from Gharda Chemicals.
